

Harvey County, Kansas, Marriage License Index 1872-April 1913

The original Harvey County, Kansas, marriage license applications from 1872 through April 1913 are housed at the [Harvey County Historical Society](#) (203 North Main, Newton, KS 67114). Sometime in the 1970s, Mary Roberts, a former librarian with the Newton Public Library and a member of the Harvey County Historical Society, typed a list of these forms. Her list was chronological by year and was alphabetized within each year by the husband's name.

In 1995, Esther Thieszen, a volunteer at the Mennonite Library and Archives (Bethel College, North Newton, KS 67117), typed Roberts' list into the computer. She also made some corrections of questionable entries by comparison with the original documents. This computerized version was sorted into the unified alphabetical lists presented here: one sorted by the husband's name and the other by wife's name. There are approximately 6800 couples listed here. The three columns are: husband's name, wife's name, filing date (*not* marriage date).

To obtain more information about any entry or to obtain a copy of the original form, please contact the Harvey County Historical Society.
